

Jim Einhorn

For Bowling Achievement

Bowling has always been a part of Jim's life. A sport also enjoyed by his father, he started bowling at the age of 5.

Jim was actively involved in Youth Bowling Leagues where he won many tournaments and bowled his first 300 game. While Jim bowls and writes left – handed, he uses his right hand to throw a baseball and his right foot to kick a football.

As an adult, Jim bowled in Northern Virginia until he moved to Fredericksburg in 2004. He has bowled 40+ - 300 games and 25+ - 800 series with his best series being 863 (300-297-266). He has won many area tournaments and finished 4th in a PBA Regional event. His best average for a season was 244 and has consistently averaged over 230 for close to 10 years. In a recent Fredericksburg City Tournament, Jim bowled "Back to Back" 300 games. He is still bowling at near his highest level today and is sure to add to these impressive totals for many years to come.
